Eau Claire Economy Newsletter - Fall 2008

Dear,

Thank you for your interest in Eau Claire, WI. We are bringing you this newsletter because we would like to stay in touch. We might only see you once or twice a year but would like to keep you informed about current happenings.

In every issue of this newsletter, we will highlight a section of the local economy, feature a local commercial or industrial property, and give you a sneak peak at successful business practices.

As we build this newsletter we would like your feedback, please [take our survey](#) to share your ideas and suggestions for future topics.

New Website - More Innovation, More Information

To address your needs, we've launched a new website. Improved navigation makes it easy to get to the popular pages such as [financial incentives](#) and [property search](#). The available properties database is our most frequently

Phillips Plastics
Recognized as
Green Tier
Company

Phillips Plastics Corporation Multi-Shot is the first company in Eau Claire to be recognized by the Wisconsin Department of Natural Resources as a Green Tier Company.

Already ISO 14001 certified, Multi-shot will focus its Environmental Management System on waste reductions, energy use reductions, and continued exploration of new recycling options.

New Residential Construction

The third quarter of 2008 has shown strong growth in terms of new residential construction. Compared to the first quarter of 2008 new construction was up \$4.3 million during the third quarter. The graph shows total building valuation from Q1 2007 through Q3 2008.

Compared to the same period during 2007, the first three quarters of 2008 were down 22%. That is \$12.8 million compared to \$16.3 million in 2007.

However adjusted October data (\$2.98 million) show a significant increase in residential construction compared to the previous three months (average of \$1.998 million).

We hope you found this newsletter helpful and informative.
