

Wisconsin Manufacturing and Agriculture Credit (formerly Wisconsin Qualified Production Activities Credit)

Fact Sheet

www.revenue.wi.gov

The Manufacturing and Agriculture Credit is available to individuals and entities for taxable years that begin on or after January 1, 2013, for manufacturing and agricultural activities in Wisconsin.

This fact sheet provides a general overview of the Wisconsin manufacturing and agriculture credit. This credit was formerly known as the qualified production activities credit.

CLAIMING THE CREDIT

A schedule to be used for claiming the credit will be available on the department's web page by December 1, 2013.

WHO IS ELIGIBLE TO CLAIM THE CREDIT

An individual, estate, trust, partnership, limited liability company (LLC), or corporation can claim the credit if the claimant owns or rents and uses in Wisconsin real property and improvements assessed as agriculture property under [s. 70.32\(2\)\(a\)4](#), Wis. Stats., or owns or rents and uses in Wisconsin real and personal manufacturing property assessed under [s. 70.995](#), Wis. Stats.

WHO MAY NOT CLAIM THE CREDIT

Insurance companies cannot claim the credit.

Partnerships, LLCs treated as partnerships, and tax-option (S) corporations cannot claim the credit; however, the credit computed by those business entities can pass through to the partners, members, or shareholders.

Trusts and estates may pass the credit through to their beneficiaries based on the income allocable to each.

The following activities may not be used to claim the credit

- Film production,
- Producing, transmitting or distributing electricity, natural gas, or potable water,
- Constructing real property,
- The sale of food and beverage that you prepared at a retail establishment,
- The lease, rental, license, sale, exchange, or other disposition of land, and
- Engineering or architectural services.

CREDIT COMPUTATION

The credit is a percentage of "eligible qualified production activities income". The credit is calculated by multiplying eligible qualified production activities income by one of the following percentages.

- For taxable years beginning after December 31, 2012, and before January 1, 2014, 1.875 percent.
- For taxable years beginning after December 31, 2013, and before January 1, 2015, 3.75 percent
- For taxable years beginning after December 31, 2014, and before January 1, 2016, 5.526 percent.
- For taxable years beginning after December 31, 2015, 7.5 percent.

For a corporation, eligible qualified production activities income is the lesser of:

- eligible qualified production activities income,
- income apportioned to Wisconsin, or
- income taxable to Wisconsin as determined by combined reporting law, if the corporation is a member of a Wisconsin combined group

CREDIT IS INCOME

The amount of credit that is claimed is income and must be reported as income on the claimant's Wisconsin franchise or income tax return in the taxable year immediately after the taxable year in which the credit is computed.

UNUSED CREDITS

The amount of credit not entirely offset against Wisconsin income or franchise taxes may be carried forward and credited against Wisconsin income or franchise taxes due for up to fifteen years.

The credit can only be used to offset the Wisconsin franchise or income tax due of the corporation that generated it. It cannot be shared with other members of a combined group.

Nothing in this fact sheet replaces or changes any provisions of Wisconsin tax law, administrative rules, or court decisions.
